Daily In-Campsite Health Screening

COMPLETE EACH MORNING

You will need one copy of this form for each day your unit is in camp. Fill in the roster with the names of all Scouts and Leaders attending camp, including part time Leaders. This is a fillable PDF for the roster section. Make 6 copies of the form.

Designate a troop leader to handle the morning screening. Each Scout must be screened for the symptoms noted and completed before your Scouts may leave your campsite.

Any Scout or Leader with symptoms, or a fever, must remain in his/her campsite pod. A leader is to immediately notify the Camp Health Officer. We immediately will initiate quarantine and testing protocols. For the safety of all, more stringent and restrictive rules are in place this year. A Scout is Trustworthy. Scouts are expected to be completely honest in reporting symptoms. Dishonesty could impact the health of many, possibly putting many in quarantine.
